

## Company-Sponsored Employee Admission

### Free Museum Admission for One Year for Employees and their Families

Free employee family admission is offered as a benefit of any sponsorship of \$15,000 or more, depending on the number of employees to whom it is made available. Participating employee families access the museum at no charge any time during normal open hours with the use of an employee ID, business card, or other formal company identification.

### Employee Passes

Individual-visitor Museum passes (each with a one-year expiration) may be purchased in large or small blocks for use by employees and their families. Passes are held by the company (generally the HR or Employee Services/Benefits office) and must be turned in at the Museum admission desk upon arrival. There is no limit to how many passes may be used by each employee/family or on each visit.
